Blending numerous heritages, wisdoms, and teachings, this powerfully wrought book encourages people to take charge of their lives, heal themselves, and grow. Movingly rendered, The Book of the Vision Quest is for all who long for renewal and personal transformation. In this revised edition/with two new chapters and added tales from vision questers/Steven Foster recounts his experiences guiding contemporary seekers. He recreates an ancient rite of passage/that of 'dying, passing through, and being reborn/known as a vision quest. A sacred ceremony that culminates in a three-day, three-night fast, alone, in a place of natural power, the vision quest is a mystical, practical, and intensely personal journey of self-knowledge.

!A breathtaking new epic fantasy series. Morgan Rice does it again! This magical saga reminds me of the best of J.K. Rowling, George R.R. Martin, Rick Riordan, Christopher Paolini and J.R.R. Tolkien. I couldn't put it down!! --Allegra Skye, Bestselling author of SAVED From #1 Bestselling author Morgan Rice comes the debut of a dazzling new fantasy series. A QUEST OF HEROES (BOOK #1 IN THE SORCERER'S RING) revolves around the epic coming of age story of one special boy, a 14 year old from a small village on the outskirts of the Kingdom of the Ring. The youngest of four, the least favorite of his father, hated by his brothers, Thorgrin senses he is different from the others. He dreams of becoming a great warrior, of joining the King's men and protecting the Ring from the hordes of creatures on the other side of the Canyon. When he comes of age and is forbidden by his father to try out for the King's Legion, he refuses to take no for an answer: he journeys out on his own, determined to force his way into King's Court and be taken seriously. But King's Court is rife with its own family dramas, power struggles, ambitions, jealousy, violence and betrayal. King MacGil must choose an heir from amongst his children, and the ancient Dynasty Sword, the source of all their power, still sits untouched, waiting for the chosen one to arrive. Thorgrin arrives as an outsider and battles to be accepted, and to join the King's Legion. Thorgrin comes to learn he has mysterious powers he does not understand, that he has a special gift, and a special destiny. Against all odds he falls in love with the King's daughter, and as their forbidden relationship blossoms, he discovers he has powerful rivals. As he struggles to make sense of his powers, the king's sorcerer takes him under his wing and tells him of a mother he never knew, in a land far away, beyond the Canyon, beyond even the land of the Dragons. Before Thorgrin can venture out and become the warrior he yearns to be, he must complete his training. But this may be cut short, as he finds himself propelled into the center of royal plots and counterplots, ones that may threaten his love and bring him downland the entire kingdom with him. With its sophisticated world-building and characterization, A QUEST OF HEROES is an epic tale of friends and lovers, of rivals and suitors, of knights and dragons, of intrigues and political machinations, of coming of age, of broken hearts, of deception, ambition and courage, of fate and destiny, of sorcery. It is a fantasy that brings us into a world we will never forget, and which will appeal to all ages and genders. It is 82,000 words. Book #2 in the series, A MARCH OF KINGS, is now available, too. !Grabbed my attention from the beginning and did not let go....This story is an amazing adventure that is fast paced and action packed from the very beginning. There is not a dull moment to be found.!--Paranormal Romance Guild (regarding Turned) !I am packed with action, romance, adventure, and suspense. Get your hands on this one and fall in love all over again.!--vampirebooksite.com (regarding Turned) !A great plot, and this especially was the kind of book you will have trouble putting down at night. The ending was a cliffhanger that was so spectacular that you will immediately want to buy the next book, just to see what happens.!--The Dallas Examiner (regarding Loved)

In Quest of Man: A Biological Approach to the Problem of Man's Place in Nature presents man's essential nature to take part in cultural evolution as well as in biological evolution. This book provides the framework for the understanding of living things in general. Organized into four parts encompassing 21 chapters, this book begins with an overview of the principle that started and governed the particular process of human cultural evolution. This text then discusses, in the light of human evolution, man's place in nature, his evolutionary career, and his natural destination. Other chapters consider the underlying compulsory principle that is appropriately called as the principle of body-compulsion. This book discusses as well the exposition of the exclusive principle that is responsible for the singular heterogeneity of human evolution. The final chapter deals with the argument that manikeness of apes is an essential animal attribute, which refers to a certain resemblance to the human form and does not imply nor mean identity. This book is a valuable resource for scientists, sociologists, biologists, and geneticists.

This unique take on quests, incorporating literary and digital theory, provides an excellent resource for game developers. Focused on both the theory and practice of the four main aspects of quests (spaces, objects, actors, and challenges) each theoretical section is followed by a practical section that contains exercises using the Neverwinter Nigh

More than 1,000 years ago in the Kingdom of Arabia, a woman named Tinatin is crowned as King. She doesn't know it yet, but a young Knight named Avtandil is in love with her. He's overjoyed by her coronation, because it means he will be able to see her more often. However, before he has a chance to confess his feelings, tragedy strikes. A Black Knight wearing the skin of a panther and riding a midnight steed appears from nowhere. He butchers countless Arabian soldiers before vanishing from sight. Despite searching the entire Kingdom, no one can find a trace of the man. It's as if he never existed.In an effort to uncover the secret of the Knight in the Panther Skin, Avtandil undertakes a perilous quest. Alone and facing impossible odds, he must succeed in battling himself and the world if he's to ever return home and win the heart of Tinatin. The only problem is, he's not sure if the Black Knight is a man or a monster?Avtandil's Quest is the first of three books retelling the Knight in the Panther Skin, a legendary epic poem set in an age lost to time and history. The original work is from the 12th century and was composed by Shota Rustaveli during Tamar Mepe's rule. She was King of medieval Georgia in its golden age, and according to legend, he wrote it for her.This book marks the first time in history the story has been told as an English novel.

A touching and riveting autobiography of an Uzbek who spent his whole life wandering from country to country, trying to escape persecution and find a homeland.

In Quest of the Hero makes available for a new generation of readers two key works on hero myths: Otto Rank's Myth of the Birth of the Hero and the central section of Lord Raglan's The Hero. Amplifying these is Alan Dundes's fascinating contemporary inquiry, "The Hero Pattern and the Life of Jesus." Examined here are the patterns found in the lore surrounding historical or legendary figures like Gilgamesh, Moses, David, Oedipus, Odysseus, Perseus, Hercules, Aeneas, Romulus, Siegfried, Lohengrin, Arthur, and Buddha. Rank's monograph remains the classic application of Freudian theory to hero myths. In The Hero the noted English ethnologist Raglan singles out the myth-ritualist pattern in James Frazer's many-sided Golden Bough and applies that pattern to hero myths. Dundes, the eminent folklorist at the University of California at Berkeley, applies the theories of Rank, Raglan, and others to the case of Jesus. In his introduction to this selection from Rank, Raglan, and Dundes, Robert Segal, author of the major study of Joseph Campbell, charts the history of theorizing about hero myths and compares the approaches of Rank, Raglan, Dundes, and Campbell.

In Quest of Justice provides the first full account of the establishment and workings of a new kind of state in Egypt in the modern period. Drawing on groundbreaking research in the Egyptian archives, this highly original book shows how the state affected those subject to it and their response. Illustrating how shariaa was actually implemented, how criminal justice functioned, and how scientific-medical knowledges and practices were introduced, Khaled Fahmy offers exciting new interpretations that are neither colonial nor nationalist. Moreover he shows how lower-class Egyptians did not see modern practices that fused medical and legal purposes in new ways as contrary to Islam. This is a major contribution to our understanding of Islam and modernity.

In this compelling sequel to Power Quest Book One: America's Obsession with the Paranormal, S. Douglas Woodward reveals the hidden history of Nazi infestation of American institutions after World War II. Beginning with the 1952 flying saucer flap over the nations capital and concluding with the CIA's clandestine mind control agenda of the 1950s-1970s, the reader is confronted with highly charged and seldom known facts. The story centers on America's erstwhile alliance with German fascism linked to the infamous personalities of Hitler's Nazi Party who escaped the war crimes trials at Nuremberg. In this second volume of Power Quest, The Ascendancy of Antichrist in America, Woodward brings to the reader the recently declassified proof our America has often shunned its most noble ideals. The author uncovers a vast record of unethical and deceptive Federal activities committed in Washington's darkened corridors of political power. Woodward condenses mountains of highly reliable research compiled by authoritative investigative journalists and insiders along with his own well-turned analysis, demonstrating that the political and spiritual evil of Nazism was often excused and encouraged by American officials as part of a blind quest to fight communism during the Cold War. Woodward makes no secret of his evangelical perspective. But Power Quest: The Ascendancy of Antichrist in America is not a selective proof-texting of biblical assertions or a diatribe against liberal political views. His account is a factual his-tory that most Americans have never heard. For conservative Christian readers, Woodward speaks prophetically - challenging the cherished assumption held by political conservatives that America traditionally takes the moral high ground. And he poses an alternative view to the typical eschatological position, asking "Could America be the seat of power for a literal personage the Bible calls Antichrist?"
