of these animals ...

Wildlife in captivity -  
change for animals  
Zoos prefer having baby  
animals (for attracting  
attention). However,  
when the animals  
mature, zoos quickly sell  
or trade them. They  
keep capturing wild  
animals for profit. As  
previously mentioned,

Should wild animals be  
kept in captivity? |

Debate.org

Although many animals see a reduction in their lifespan because of captivity or attempts at domestication, this outcome does not occur with all species. Sea lions live an average of 10 years longer when they are in captivity.

Giraffes and tigers can

# Access PDF Wild Animals In

**Captivity**  
also live an average of five years longer when they are in a protected environment. 9.
